WE'VE BEEN SHOWING PEOPLE THE MONEY FOR NEARLY 100 YEARS.

Long before the movies had sound or color—or memorable quotes—Chicagoans were asking us to show them the money. In fact, TIAA pays out more than \$12 billion annually in annuity payments and other distributions. And while that can buy a lot of movie tickets, we're equally proud of helping people from Sunset Boulevard to Michigan Avenue to Main Street create their own financial scenarios.

So let's talk ... after the movie, of course.

Q: WHO ARE CHICAGO'S BANKS?

We were built for the Chicago area. As a locally-based and locally-run company, this is, and will always be, home. We know the ins and outs. If we played Chicago trivia, we'd take home the prize. But, we also know facts don't mean you know a place. Living in it, working in it, experiencing it: that's what helps you understand the joy of this city.

We also know it's not just what's in the city limits that makes this area unique. Chicagoland—the area outside the city—holds its own with bustling, unique communities. That's why, as a company made up of more than 150 true community banks in and around Chicago, southern Wisconsin and northwest Indiana, we're dedicated to serving, preserving and respecting each individual community we're part of. We're proud to be Chicago's banks. We're exactly where we want to be.

MIA MADRE

ITALY, FRANCE • Dir. Nanni Moretti
Cast: Margherita Buy, John Turturro, Nanni Moretti, Giulia Lazzarini

Join us as we celebrate the glamor of going to the movies at Opening Night of the 51st Chicago International Film Festival with a premiere presentation of *Mia Madre (My Mother)*!

John Turturro provides madcap comic relief as a self-important American actor in master filmmaker Nanni Moretti's latest personal tour de force. An overworked director tries to complete her new movie—a political statement about factory workers—while caring for her much-beloved mother, who lies dying in the hospital. Real life and art clash violently in this moving personal drama about the heavy cost of artistic integrity. *English, Italian with subtitles. 106 min.*

THE 33 US, CHILE • Dir. Patricia Riggen

In 2010, 33 Chilean miners were buried alive by the catastrophic explosion and collapse of a century-old gold and copper mine. Over the next 69 days, an international team worked night and day in a desperate attempt to rescue the trapped men. Starring Antonio Banderas and Juliette Binoche, this tense, dramatic thriller depicts the courage of both the miners and their families who refused to give up. *125 min.*

THE ABANDONED US • Dir. Eytan Rockaway

In a vacant luxury complex, a young woman takes a job as one of two security guards covering the night shift. As she patrols the vast hallways, increasingly sinister phenomena threaten her, seemingly born from the building's catacombs. *The Abandoned* is a claustrophobic, bone-tingling thriller that merges visceral scares with slow-burning mystery—a haunted house that turns into a chilling psychological portrait. *86 min.*

Left adrift after his dad's sudden departure, teenager Serginho works as a vendor at the local market, playing father figure to his little brother and companion to his frazzled, alcoholic mother. As Serginho's burgeoning sexuality clashes with his own search for a role model, the film achieves a new level of tenderness. *Portuguese with subtitles. 87 min.*

How We Educate

We recognize that film is a powerful tool. Established in 1992, our year-round Education Program brings films to Chicago students, showcases the creativity of young filmmakers, and facilitates the development of new audiences.

EDUCATION SCREENINGS

We bring over 8,000 Chicago Public School students (grades 6-12) into theaters throughout the school year and during the Chicago International Film Festival for **FREE Education Screenings**.

Study guides are provided to give background to the cultural context of the films, highlight themes and historical references, and introduce questions that encourage personal examination of the films' subject matter. Each screening is followed by a Q&A with filmmakers, subjects, and/or film professionals and professors.

The goals of the program are to give students from across the city the opportunity to view unique films and, in the process, transform them from passive audience members to active, engaged viewers and thinkers. Because Chicago Public Schools have limited resources to provide students with field trip experience, this program provides buses, theaters, films, speakers, study guides, and teacher support entirely **FREE**.

CINEYOUTH FESTIVAL

Our **FREE** CineYouth Festival showcases the work of student filmmakers 22 years old and younger, highlighting the creativity of the next generation of directors, writers, and performers. CineYouth features screenings of over 75 officially selected short films and offers educational opportunities for participating guests.

Through CineYouth, we are proud to support young artists by honoring their work and providing them with tools and resources to assist them in their future artistic endeavors.

Award-winning CineYouth films are shown during the Chicago International Film Festival at the free **CineYouth Best of the Fest** (p. 16) screening.

Entries for CineYouth 2016 are accepted November 2, 2015–March 18, 2016.

CineYouth takes place at Columbia College Chicago May 5-7, 2016!

STUDENT FILM COUNCIL

Our **Student Film Council** provides a **FREE** program for public, private, and suburban high school students who have a passion for film. Council members are given the opportunity to experience and attend the numerous film festivals and programs that take place during the school year in Chicago.

Members engage in conversations with directors and festival programmers with the goal of further analyzing, understanding, and appreciating film and its relationship to audiences and the city.
